#### APPLICATION FOR A CLERKSHIP/ELECTIVE

Dear Sir or Madam,

I am in my fourth/fifth year of medical studies at the University of Lorraine, in Nancy, France, and would like to apply to do a clerkship in your department during the period ....

During my studies I have discovered a number of medical fields, and ..... interests me in particular. *Ici expliquez pourquoi, et si vous avez d'autres expériences de stage ou de périodes d'observation dans le domaine concerné.* The opportunity to do a clerkship in your hospital would enable me to add practical experience to the theoretical knowledge gained in the course of my studies.

Furthermore, I am curious to explore the similarities and differences between the healthcare system in your country and the French system, as well as to gain further insight into your culture and language.

I am punctual, respectful, and eager to learn, and hope that you will be able to afford me the opportunity to prove myself useful in your department.

Please do not hesitate to contact me for further information or to arrange an interview.

Many thanks for your consideration in this matter,

Yours faithfully,

*Your signature and name*
